IF U S WEST COMMUNICATIONS IS YOUR LOCAL PHONE COMPANY

We can provide you with local telephone service, long distance service within your calling area, and other telephone services. You'll find more information about the kinds of services available to you in this Customer Guide. You may find it helpful to read this information before placing your order for new phone service. Since the following information may have changed since this directory was compiled, please call the appropriate number at the top of this page for current information.

WHEN YOU'RE READY TO START YOUR PHONE SERVICE

Call the appropriate U S WEST Communications service number at the top of this page. A service representative will describe the services available to you, explain what each costs, and take your order. We need to know:

- How you want to be listed in the White Pages directory (see page A14).
- Your complete street address (including apartment or suite number).
- The types of services you want.
- Information about your previous telephone service, including phone number, city and state.
- Employment and credit information (for home telephone service).
- Business ownership information (for business service).

You Need To Provide Your Own Telephone Set

If you don't have a telephone set, you can buy or rent one from a store or company that carries them. Party line customers may need specially modified telephones for their service to work properly. You are not required to obtain your telephone or other terminal equipment from the telephone company in order to receive service. Rates and services are provided on an equal basis no matter where you obtained your equipment. Call the number at the top of this page for more information.

You Need To Select A Long Distance Company

U S WEST Communications provides long distance service within your calling area. You must select a long distance company to make long distance calls to other calling areas.

If You Have Phone Service And Need To Make A Change:

Call the number at the top of this page. A U S WEST Communications service representative will handle your request and explain what each change will cost.

What It Costs To Begin Or Change Service

The one-time charge to install or change your telephone service depends on the amount of work required. Generally, you're charged for the work we do to process your order and to connect or make changes in your service.

Service order charges: Home – new service $19; service charges $13; central office connection charges $16. Business – new service $25; service charges $22; central office connection charges $25.

If you have our technicians install jacks or wiring inside your home or business you'll be charged for the time the technician is there and for the materials used.

We require advance notice to install new service. In many areas Express Service is available for an additional charge to customers who need same-day or next-day installation. For more information, call the number at the top of this page. (Residential customers only.)

Continued on next page

HOW TO ORDER Phone Service

Continued from previous page

There Is No Charge To Disconnect Your Phone Service

Call the number at the top of the previous page to stop your service. You pay only for the time your phone is connected.

DEPOSITS

Advance Payments And Deposits

If you are a new customer with U S WEST Communications or have recently moved and need to re-establish service, we may ask for an advance payment or deposit.

Deposits are based on local service and long distance charges. Business customers should call the service number on the top of the previous page for information on deposit requirements.

We may require a new or additional deposit if we stop your service because your payment is late. There's also a charge to begin service again.

We may waive the deposit requirement for your home telephone service if someone with established credit with U S WEST Communications is willing to guarantee payment of your bills.

We Will Refund Your Deposit:

With interest after 12 months if your phone bills are paid on time. If you discontinue service during this time, the deposit and interest will be applied to your final bill.

Deposits For Other Companies

U S WEST Communications handles billing and collections for some long distance companies. We may require a deposit for these companies. The amount will be based on your estimated long distance charges for two months.

IF YOU NEED NEW TELEPHONE WIRING OR JACKS

You have three options:

1. You can have U S WEST Communications do the work. You will be charged for time and materials. Call the service number at the top of the previous page for information.
2. You can have an independent contractor do the work.
3. You can do the work yourself.

All inside wiring must meet certain technical standards. They are outlined in a free booklet, available by calling the number at the top of the previous page.

SPECIAL NEEDS CENTER FOR CUSTOMERS WITH DISABILITIES

WHY WON'T MY PHONE WORK?

That depends on whether the problem is in your telephone set, in the wiring inside your home or office, or in the outside lines and switching equipment that U S WEST Communications uses to provide you with service. Simple tests can help you determine whether to call U S WEST Communications or another company for assistance. These tests may save you time and money. If you have a party line, call the repair service number at the top of this page for further instructions.

HOW TO TROUBLESHOOT

These tests can help you determine why your phone isn't working:

1. Check to see if all of your telephones are hung up.
2. If you have only one phone and it unplugs, take it to a friend's home or office and plug it in. If it doesn't work there, you probably have a phone equipment problem.
3. If you have two or more phones that unplug, unplug all of them. Then try each one–one at a time–in each phone jack or outlet. If one phone doesn't work anywhere, you probably have a phone equipment problem. If none of the phones work in a particular jack, you may have a jack problem.
4. Borrow a friend's phone and try it in each of your jacks. If it doesn't work in a particular jack, you probably have a jack problem. If it doesn't work in any jack, you may have a U S WEST Communications line problem.
5. If your phone doesn't unplug, contact the company that sold or leased it to you for directions on how to remove it.
6. If you have phone accessories – such as answering machines, speaker phones, cordless phones, a security system, or night bells–make sure that equipment is working. If your telephone service works without the added equipment, the problem may be with the accessories.

If You Hear Noise On Your Line:

It may be caused by the weather, aerial satellites, poor grounding or other conditions that are only temporary. If the noise persists, the troubleshooting tips listed above may help isolate the problem.

The interference may also be caused by radio frequency signals from amateur, citizens band (CB) and AM/FM broadcast stations. The installation of a modular filter, obtainable from most stores selling telephone equipment, may help.

Because cordless telephones operate on radio frequencies, they can also receive interference from nearby radio transmitters. Contact your cordless telephone equipment supplier or manufacturer for assistance with these problems.

If You Hear A Rapid Busy Signal:

While making a local or long distance call, it means that all telephone circuits are busy. Wait a few minutes, then try your call again.

OUR REPAIR SERVICE CENTER CAN HELP ISOLATE THE PROBLEM

We can test your line. But in some cases, we won't know what's wrong without sending a repair technician to your home or office. There may be a charge for this repair visit. Troubleshooting – described on the previous page – may help you isolate the problem yourself and save you time and money.

If The Problem Is In Your Telephone Set:

Follow the instructions on your warranty or contact your equipment retailer. U S WEST Communications cannot repair your telephone equipment.

If The Problem Is In Your Jack Or The Wire That Runs Through Your Home Or Office:

You have three options:

1. You can call U S WEST Communications. If you subscribe to one of our optional wire maintenance plans, we will repair your jack or inside wiring at no charge. If you don't subscribe, we will still be happy to repair the problem. But we will have to charge you for labor and materials.
2. You are welcome to hire any independent contractor or home repair expert to repair your jack or inside wiring.
3. You can repair the problem yourself.

If The Problem Is In U S WEST Communications' Outside Lines Or Switching Equipment:

Call the repair service number at the top of the previous page.

U S WEST Communications Can Repair:

The outside lines and switching equipment we use to provide you with service, at no charge to you (unless damage is due to negligence on your part).

We can also repair the wiring that runs inside your home or office. There is a charge for this service, unless you subscribe to one of our wire maintenance plans.

U S WEST Communications Cannot Repair:

Telephone equipment, other than our public (pay) phones.

THIS IS YOUR Local Calling Area

For your business **1 800 772-7751**

YOU HAVE A CHOICE

You can choose the type of basic telephone service that will best meet your needs. The following plans are available in most areas.

For information on rates and availability, call the service number at the top of this page. Local calling information can be found on page A11.

TELEPHONE SERVICE

We offer various types of basic telephone service. Unlimited one-party service allows you to make as many local calls as you want for a flat monthly charge.

Ames: home – $14.65; business – $35.30

Customer line charge

Local Measured Service

This option can reduce your cost for telephone service because you pay only for what you use.

Measured service plans include:

One-Party Measured Service

You have your own private line and pay a fixed monthly charge. You then pay for each local call you make. Charges are based on how long you talk, where you call, and the time of day and day of the week your call is made. Night, evening and weekend calls are discounted. You are not charged for calls you receive.

Home	Business
Basic $7.50 (no call allowance)	Option 1 $20.00 (no call allowance)

DIRECTORY LISTINGS

You may choose how you want to be listed. A listing in your local U S WEST Direct telephone directory is free. Call the number at the top of the previous page for options available to you.

If you don't want your name in this book, you have two choices. Your name and number can be left out of the directory, but still be available from directory assistance (non-listed). Or your name and number can be left out of the directory and not be available from directory assistance (non-published). There's an additional charge for either option.

Premium Listings

Are available for an additional charge. These include: additional listings; listings for a number outside of the area normally included in a particular directory; cross references to other listings; informational listings that include non-promotional information and alternate call listings that refer to another number. Call the number at the top of the previous page for details.

U S WEST COMMUNICATIONS Phone Bill

FOR QUESTIONS ABOUT YOUR BILL:

For home telephone service 1 800 262-2237
For business telephone service 1 800 772-7751

FOR MORE INFORMATION ABOUT YOUR BILL:

Look on the back of the first page. You'll find detailed information about the bill and about our payment policies.

To Pay By Mail

Our address is: **U S WEST Communications**
P. O. Box 737
Des Moines, Iowa 50338-0001

Be sure to include the detachable section at the top of page 1. Also remember to write your telephone number on your check or money order.

Questions About Your Bill?

Call the appropriate company. The U S WEST Communications billing numbers are listed at the top of this page. A phone number for each long distance company is printed on their sections of the bill.

You May Prefer Our Automatic Payment Plan

Your bank will automatically pay your monthly telephone bill and deduct the amount from your checking account. Call the number at the top of this page for more information.

CREDIT AND REFUNDS

If You Are Without Phone Service:

For 24 hours or more because of U S WEST Communications line or equipment problems and have reported the problem to our repair service number, you will receive credit for the outage period. It will be applied to your monthly local service charge.

If You Dial A Wrong Number:

While making a long distance call within your U S WEST Communications calling area, you can get credit by dialing the "0" operator and asking for a refund. If you've used another long distance company for that call, you must call that company.

If You Get A Poor Connection:

While making a long distance call within your U S WEST Communications calling area, you can get credit by dialing the"0" operator and asking for a refund. You'll also be credited for calls that are cut off. If you've used another long distance company for that call, you must call that company.

If You Are Billed For Calls You Didn't Make:

Call the number at the top of this page for long distance calls that appear on the U S WEST Communications portion of your bill. We'll investigate, and if necessary, adjust your account. If you use another long distance company, call that company for questions about their portion of the bill.

It's against the law to use another person's number or telephone credit card to charge calls without permission. Penalties include imprisonment and/or fines.

If You Lose Money In A Public (Pay) Phone:

Owned by U S WEST Communications, call the "0" operator.

KNOW YOUR RIGHTS Consumer Tips

FOR ASSISTANCE WITH TELEPHONE SERVICE:

For your home **1 800 262-2237**
For your business **1 800 772-7751**

As a U S WEST Communications customer, you are protected by our company's policies and by the state and federal regulations that guide the way we do business. There are also things you can do to help protect your privacy and safety. Some consumer guidelines are listed here:

IF YOU ARE DISSATISFIED WITH YOUR SERVICE

A U S WEST Communications representative will be happy to work with you on any problems you have with our company. Call the number at the top of this page for assistance.

If U S WEST Communications does not resolve your complaint, you may request assistance from the Utilities Division, Lucas State Office Building, Des Moines, Iowa 50319, (515) 281-5979.

YOUR PRIVACY IS IMPORTANT

We make every effort to protect your telecommunication services from unlawful wiretapping or other illegal interceptions. Customer service records, credit information and related confidential personal account information are fully protected.

Illegal Wiretapping

It is a crime under federal and state laws for any person to wiretap or otherwise intercept a telephone call unless that person has first obtained a court order or the consent of one or both people participating in the call. The penalty for illegal wiretapping can be imprisonment and/or a fine.

We May Listen To Calls Between You And Our Employees

It's one way our managers can make sure you're receiving prompt and courteous service and accurate information. These calls are randomly selected and are not recorded. They include calls to our repair bureaus, customer service numbers, directory assistance and "0" operators.

IF YOU RECEIVE OBSCENE OR HARASSING PHONE CALLS:

- Hang up at the first obscene word.
- Hang up if you say "hello" twice and get no response.
- Give no information, such as your name and address, until your caller has been identified.
- Teach your children to give no information to strange callers. If you're not at home, they should tell callers you are busy and can't come to the phone.
- If calls persist, call the number at the top of this page, or contact your local law enforcement agency. Immediately call your local law enforcement agency if you receive calls threatening injury to a person or damage to property.

It's against the law to make obscene, threatening or anonymous phone calls. Telephone harassment is a crime. Penalties include imprisonment and/or a fine.

OUR EMPLOYEES CARRY ID CARDS

They include the U S WEST Communications employees name and photograph. Feel free to ask for identification.

KNOW YOUR RIGHTS Consumer Tips

Continued from previous page

IF YOU RECEIVE UNWANTED SALES AND SURVEY CALLS:

- Hang up, if you aren't interested in talking with the caller.
- Report companies using questionable sales practices to the Better Business Bureau or your state attorney general's office.
- Disconnect computer-generated calls by hanging up your telephone for 12 to 15 seconds.
- Contact the Direct Marketing Association to have your name removed from telephone solicitation lists. Write to Direct Marketing Association, Inc., 6 East 43rd Street, New York, NY 10017.
- Write to Name Removal Service, P. O. Box 1040, Minneapolis, MN 55440 to have your name removed–at no charge–from lists that our company leases to other firms. Customers with unlisted or unpublished numbers are never included on the lists we lease.
- Do not give your telephone credit card number to anyone who calls and asks for the number.

TELEPHONE SAFETY TIPS

Your telephone is one of the safest appliances in your home or office. But there are times when you should be careful using it:

- Don't use the telephone in the bathtub, shower or swimming pool. Dropping the phone into water could cause a shock.
- Avoid using the telephone during electrical storms. U S WEST Communications uses protective measures to limit electrical surges from entering your home or office, but absolute protection from lightning is impossible.
- If you suspect a gas leak, use a telephone away from the suspected area to report it. The telephone's electrical components could create a tiny spark when you dial. Although unlikely, that spark could ignite heavy concentrations of gas.

EMERGENCY CALLS HAVE PRIORITY ON PARTY LINES

State law says you MUST immediately yield the use of a party line to anyone saying the line is needed for an emergency call. An emergency is any situation in which property or human safety is in jeopardy and emergency service personnel must be summoned.

It's against the law to gain control of a party line by falsely stating that an emergency call needs to be made. Penalties for violating party line laws include fines and/or imprisonment.

YOU CAN'T USE AN ANSWERING MACHINE ON A PARTY LINE

That's because answering devices cannot give up a line in an emergency. They also disrupt service for everyone on the party line.

DIRECTORY ERRORS AND OMISSIONS:

U S WEST Communications' liability due to errors in or omissions of directory listings shall be limited to and satisfied by an amount not exceeding one-half of the local exchange service charges (lines or trunks if PBX-CENTREX) for the service affected for the period from the date of issuance of the directory in which the mistake occurred to the date of issuance of a new directory containing the proper listings.

This tariff is on file with the Iowa Utilities Board and is also available for review at your telephone company. U S WEST Communications has attempted to publish information that is current and accurate. However, the company cannot guarantee errors will not occur. The company is not responsible for the accuracy of material supplied by its subscribers. In no event does U S WEST Communications assume any responsibility to notify directory users of any error or omission.

PAY PER CALL SERVICE INFORMATION

"976," "960" AND "900" NUMBERS

What They Are:

Private companies offer a variety of informational programs using phone numbers that begin with "976," "960" or "900." There is usually a charge for calls to these numbers. Charges for "976" calls appear on your monthly U S WEST Communications telephone bill; "960" calls are billed separately. "900" calls appear on the Interexchange Carrier page of your bill. These calls may also include a long distance charge. Calls for which the charge is one dollar or less must contain an introductory disclosure message specifying types of charges, time necessary to complete the call, and an option to disconnect without charge at end of introductory message.

The price and content of "976," "960" and "900" services are the responsibility of the companies that provide the information. Call 1 800 879-2455 for more information.

How To Block Calls To "976," "960" And "900" Numbers

U S WEST Communications will assist you in blocking calls from your line to "976," "960" and "900" numbers. There is no charge for this service. Call the number at the top of the page A 16 for more information.

Other Questions About "976," "960" Or "900" Numbers

If you have a complaint or dispute about the services, call 1 800 879-2455. We do not allow "976," "960" or "900" services that contain illegal or sexually explicit material. Nor do we disconnect your telephone service for disputes about payment of "976" or "900" charges.

WHEN CALLING Long Distance

To reach your U S WEST Communications operator, dial "0"

A LIST OF LONG DISTANCE COMPANIES IN YOUR AREA:

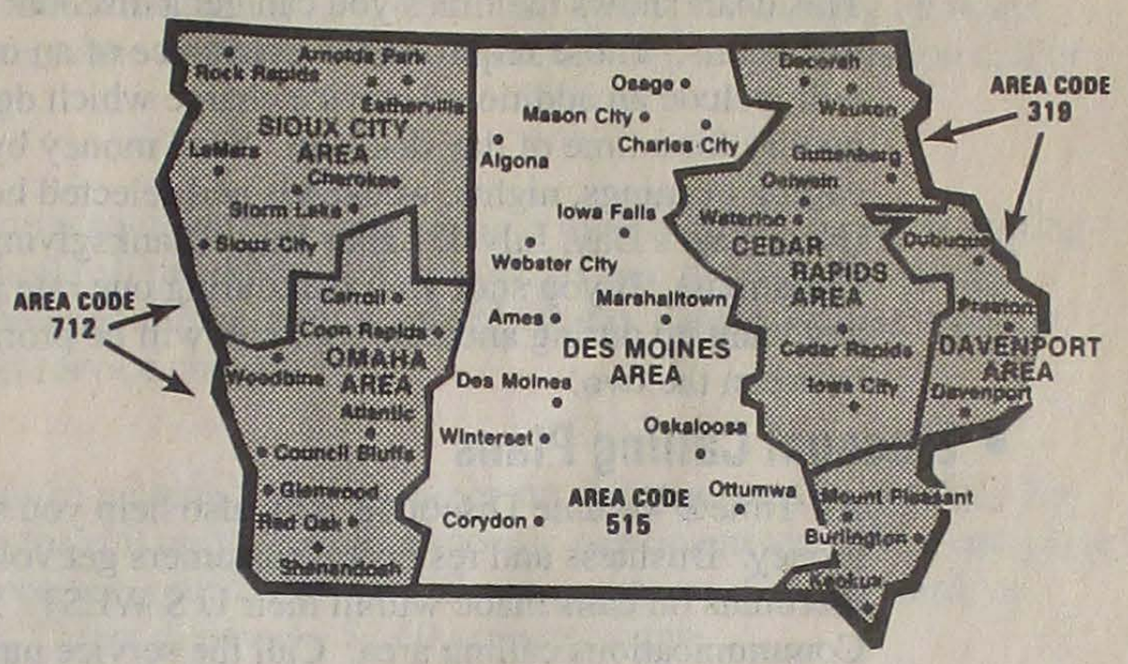

Can be found in the Yellow Pages. Each company can provide you with information about its rates, calling areas, and dialing instructions.

CALLING LONG DISTANCE WITHIN IOWA

Iowa is divided into five long distance calling areas (see map on this page). U S WEST Communications provides local and long distance calling service within the boundaries of these areas, but not between them.* Make long distance calls within your calling area by dialing 1 + the telephone number. U S WEST Communications will charge you for the call. Use another long distance company to make calls between these areas. That company will charge you for those calls and can provide you with rate information and dialing instructions.

*Local phone service may be provided by other telephone companies in these areas.

Lata lines may extend into other states.

Des Moines Long Distance Calling Area

OTHER TYPES OF LONG DISTANCE CALLS

Calling Long Distance Outside Your Calling Area

In all but a few cases U S WEST Communications does not provide long distance service between states or between sections of the same state that have different calling areas. (See map on this page.) Contact your long distance company for rates and dialing instructions.

"800" Service

Calls to "800" numbers are free. Dial 1 + 800 + the telephone number.

International Calls

Contact your long distance company for information on international calling rates and dialing instructions. International calling codes are listed on page A24.

DISCOUNTS WITHIN YOUR CALLING AREA

• Direct Dialing Saves Money

Dial your own long distance calls to pay the lowest rate and only for the minutes you talk. There's a one-minute minimum. Dial "0" for information on U S WEST Communications long distance rates.

• Discount Calling Periods

This chart shows the times you can get a discount on long distance calls within your calling area. Discounts apply to all calls. Those requiring the assistance of an operator will include an additional service charge which does not qualify for a time of day discount. Save money by calling evenings, nights, weekends and selected holidays (New Year's Day, July 4, Labor Day, Thanksgiving and Christmas). If you start your call during one rate period and hang up during another, your call will be prorated between the two.

• Discount Calling Plans

All Time® Volume Discounts may also help you save money. Business and residence customers get volume discounts on calls made within their U S WEST Communications calling area. Call the service number at the top of page A13 for more information.

CALLING CARD CALLS

If you have a U S WEST Communications Calling Card, you can make local and long distance calls and charge them to your regular monthly bill. Next to direct dialing, using your Calling Card is the least expensive way to call compared to other types of operator-assisted calls. Call the U S WEST Communications service number at the top of page A13 for more information.

The U S WEST Communications Calling Card is accepted by many long distance companies for making calls outside your U S WEST Communications long distance calling area. Here's how to make a Calling Card call to a number within your long distance area:

- From a push-button phone with Touchtone service: Dial 0 + the telephone number, wait for the tone, then dial your Calling Card number.
- From a rotary dial phone: Dial 0 + the telephone number, wait for the operator to answer, say you're placing a Calling Card call, and give your card number.
- To the same telephone number that's on your Calling Card: Dial 0 + the telephone number, wait for the tone, then dial your four-digit personal identification number (the last four numbers on your card). For calls made from another calling area, dial your area code before you dial your phone number.

Rate: Direct dial rate + 60¢ service charge.

If Your Calling Card Is Lost Or Stolen:

Call 1 800 422-LOST (5678) as soon as possible.

USING THE OPERATOR TO MAKE CALLS

Within Your Calling Area

There is an additional charge for calls requiring operator assistance. They are more expensive than Calling Card calls or calls dialed directly from your home or office.

- **Collect Calls**

  Dial 0 + the number. Tell the operator you're making a collect call. The operator will hang up when someone at the number you've called accepts the charges. Rate: Direct dial rate + $1.10 station call or $2.60 person-to-person call service charge.

- **Calls Charged To A Third Number**

  Dial 0 + the number. Tell the operator you want to charge your call to a third number. If you're calling from a public (pay) phone, the operator will call the third number to make sure the charges will be accepted. The call won't go through if the operator can't get approval. Rate: Direct dial rate + $1.10 station call or $2.60 person-to-person call service charge.

- **Person-To-Person Calls**

  Dial 0 + the number. Tell the operator you're making a person-to-person call to a specific person. The operator will hang up and charge you for the call only when that specific person answers. You can place a person-to-person call when you call collect, use your U S WEST Communications Calling Card, or charge your call to a third number. Rate: Direct dial rate + $2.60 service charge.

- **If You Want To Know How Much Your Call Will Cost:**

  Dial 0 + the long distance number. Tell the operator you want "time and charges." When you finish the call, a computer voice will return to the line to tell you what you'll be charged.

- **Operators Can Check A Busy Line:**

  In most areas to determine if someone is actually speaking on the line. Rate: Busy verification $1.10. Busy verification and interrupt $1.50.

Outside Of Your Calling Area

Contact your long distance company to find out how to use an operator to place calls to other area codes.

Many Companies Have Operators

When away from home, you can choose the long distance company you want to handle your operator-assisted calls. Many companies provide collect, person-to-person, third-number billed and credit card services. Their rates may vary. You may ask any operator for company identification and rate information before beginning your call. If the operator does not represent the company you want, or if you are not satisfied with the rates, you may choose another way to place your call.

MOBILE AND MARINE CALLS

You can make local and long distance calls to automobiles, trucks, planes, boats and ships with phones. Some local and long distance calls can be completed by dialing direct; others require a call to the operator. For a list of companies offering these services look under "Paging and Signaling" and "Radiotelephone Communications" in your Yellow Pages.

Crisis Numbers

This list of numbers is to help you find crisis numbers and other information more quickly and easily. It is not an all-inclusive list of non-profit and governmental agencies. Well known and easily found agencies and associations have been omitted. A complete list of governmental offices is in the White Pages listings. If the number you are calling is outside your local calling area, a long distance charge will apply.

U S WEST COMMUNICATIONS

TO CALL A PARTY ON YOUR LINE

Two-Party customers dial the listed number, hang up. Your bell and the bell of the called telephone will ring until the called telephone answers. When your telephone stops ringing, lift your receiver and begin your conversation. If no answer, lift your receiver for a moment and then replace it. This will stop the ringing and will clear the line for other calls.

FREE ADVICE.

We have all kinds of free advice.

All you have to do is talk to one of our U S WEST Direct Customer Service Representatives. They're the ones who can answer any Yellow Pages billing questions you might have.

But that's not all they can do.

Let's say you're starting a new business, or even just considering it. Your Customer Service Representative can refer you to someone who can tell you everything you need to know about Yellow Pages advertising.

Your U S WEST Direct Advertising Consultant.

You'll find out how to place an ad in our directory, how many homes and businesses receive our book, what areas are covered, how to change an existing ad, even how to place an ad in one of our other directories.

If you'd like to find out more, we have one last piece of advice.

AREA HISTORY AND ATTRACTIONS

HISTORY

Ames lies near the geographical center of Iowa, about 35 miles north of the state capital at Des Moines. Its location in the heart of rich agricultural land led to its selection as the site for the Iowa Agricultural College and Model Farm, created through a bill passed by the Iowa General Assembly in 1858.

Farm House, built in 1860, was the first building for the college. The school became a land-grant college under the 1863 federal Morrill Act, was renamed the Iowa State College of Agriculture and Mechanic Arts in 1898, and became Iowa State University of Science and Technology (ISU) in 1959.

Ames was founded in 1864 in anticipation of the arrival of the Cedar Rapids and Missouri Railroad. The president of the railroad, John Blair, named the settlement after Massachusetts Congressman Oakes Ames, a promoter of the railroad system. Ames was incorporated in 1870 with a population of slightly over 800.

The original town consisted of a 12-block area extending from the railroad north to Ninth Street. The eastern and western borders were Duff and Burnett avenues. Ames prospered with increasing rail shipments of farm products and the growth of the college.

Research activities on the ISU campus during WWII led to the establishment of the Ames Laboratory. ISU's resources have been instrumental in attracting other government agencies and national industries. Ames now is the largest city in Story County and has a population of 47,198, including ISU students.

U S WEST Direct, publisher of this directory, is proud to be part of this central Iowa community.

INDUSTRY AND SERVICES

Manufacturing, education, and the professions have surpassed farming as the city's economic base. Many international and national corporations have established plants here. The National Farmers' Organization is headquartered in Ames, and a research park complex offers ISU expertise to local businesses.

Iowa State University is the city's largest employer, and McFarland Clinic and Mary Greeley Medical Center are second. They function as a regional referral center for central Iowa and provide a variety of special-care services.

Branches of state and federal government agencies also are located here. Ames is home to the Iowa Department of Transportation headquarters, the United States Department of Energy's Ames Laboratory, and the United States Department of Agriculture's National Animal Disease Center and National Veterinary Services Laboratories.

The Ames city government joined with the university administration and the student body government to form a system of public transportation called Cy-Ride. For this cooperative effort in community action, Ames was designated an "All-America City" in 1983.

PARKS AND RECREATION

The City of Ames maintains over 700 acres of parkland. Recreation facilities include ballfields, an ice-skating center, tennis courts, bicycle paths, golf courses, swimming pools, and nature trails. For more information contact the Ames Parks and Recreation Department. 239-5350

Summer concerts are held in the Municipal Bandshell Park. The Ames Parks and Recreation Department offers a year-round schedule of activities ranging from instruction to organized sports.

The Ames and ISU communities sponsor several annual events. The Midnight Madness Road Races are held in July and consist of a bicycle ride followed by 5K and 10K runs. The Iowa Games are held in August, and the Iowa Masters Tournament is held annually at ISU's Veenker Memorial Golf Course.

Sports enthusiasts may enjoy ISU's varsity competition in the Big Eight Conference. The Cyclones play basketball in the James H. Hilton Coliseum and football in Cyclone Stadium/Jack Trice Field.

County parks, Iowa State University's horticulture gardens and arboretum, and a preserved natural prairie within the city limits are additional recreation sites. County parks include the Indian Creek Conservation Unit and the Skunk Creek Conservation Unit.

INDIAN CREEK CONSERVATION UNIT contains Hickory Grove Park, Praeri Rail Trail, Robison Acres, and Hickory Grove and Dakins lakes. Popular activities include camping, hiking, cross-country skiing, and snowmobiling.

Portions of this unit are wildlife habitats and are open for hunting and trapping in season. Fishing is permitted year-round on Hickory Grove Lake. Boating and canoeing are popular summer sports.

IOWA ARBORETUM, located southwest of Ames, contains hundreds of cultivated trees, shrubs, and flowers. There are many hiking trails throughout its 340 acres. Tours and educational programs are offered.

LEDGES STATE PARK is 12 miles southwest of Ames on Hwy. 17. Facilities include campsites, hiking trails, picnic grounds, fishing spots, and a petting zoo.

SKUNK CREEK CONSERVATION UNIT includes McFarland Park, Peterson Park, the Skunk River Greenbelt, and various prairies and marshes. Attractions include a handicapped-accessible trail, an observatory for astronomical study, and ongoing education programs. The Skunk River trail leads to Soper's Mill, one of the first grist mills built in the county, and to "Rainbow" Bridge, which is on the National Register of Historic Sites.

VEISHEA, a two-day spring event, includes open house displays on the ISU campus, a parade, and a musical variety program. The term "Veishea" was derived from the first letters in the titles of the university's undergraduate colleges.

IOWA STATE UNIVERSITY

ISU occupies a central position in the Ames community. The university is the birthplace of the electronic digital computer — the Atanasoff-Berry Computer — which was designed and built in the late 1930s by mathematics and physics professor John Vincent Atanasoff and graduate student Clifford E. Berry.

ISU founded the first state veterinary medicine school in the nation in 1879, established the country's first statistics laboratory in 1933, and owned the nation's first educational television station.

ISU offered the first college-credit courses in teacher education and home economics and was the first land-grant college that was coeducational from its inception.

ISU provides local residents with a variety of courses that may be audited or taken for credit, including evening and weekend classes. The university has many attractions in addition to its educational facilities. Historical markers are located throughout the main campus, which also serves as an arboretum. When classes are in session, the 50 bells of the Campanile provide daily midday concerts.

The university provides a variety of entertainment through its numerous cultural and athletic activities. Its Iowa State Center attracts concerts, ballet troupes, theatre productions, orchestras, and exhibitions.

The center is a four-building complex that includes the C.Y. Stephens Auditorium, the 14,000-seat James H. Hilton Coliseum, the 450-seat J.W. Fisher Theater, and the Carl H. Scheman Continuing Education Building. The Scheman Building has conference rooms, an auditorium, and the Brunnier Gallery and Museum.

Christian Peterson was an artist-in-residence at ISU and his works may be found in MacKay Hall, Lagomarcino Hall Courtyard, Parks Library, the Dairy Industry Building, and in front of the Memorial Union. His famous sculpture, "The Gentle Doctor," is on display in the Scheman Building. Self-guiding tour brochures are available at the University Museums administrative office. 294-3342

Brochures and maps of the campus are available from the Campus Information Center in the student union.

AREA ATTRACTIONS

ACTORS — Ames Community Theatre of Recreational Services is supported by the Ames Community Arts Council and provides members of the community with theatre production and acting experience.

The Ames Children's Theatre, the Ames Choral Society, and the Central Iowa Symphony add to the cultural attractions available in Ames.

ART ON CAMPUS is a program administered by the University Museums. Sculptures by Christian Peterson have been placed throughout the ISU campus.

BOONE & SCENIC VALLEY RAILROAD takes passengers through the scenic Des Moines River Valley in vintage 1920s touring cars from Memorial Day until November. The depot is in Boone, ten miles west of Ames. Boone celebrates its railroad heritage during Pufferbilly Days in mid-September.

BRUNNIER GALLERY AND MUSEUM is primarily a decorative arts museum. Over 8,000 pieces date from ancient cultures to modern times. The museum maintains a permanent collection of dolls, porcelain, glass, enameling, ceramics and pottery, and carved jade and ivory. The museum also has a store.

FARM HOUSE MUSEUM contains Victorian furniture, antique glass and tableware, quilts, and oriental carpets. The Farm House was the first building on the ISU campus and was built as a home for farm superintendents. It has been restored to its turn-of-the-century appearance and is a National Historic Landmark. Special events are scheduled during the Christmas season and on the Fourth of July.

GALLERY AND PIONEER ROOMS in the ISU student union feature changing art exhibits. Works on exhibit are mainly by Iowa artists and are available for purchase as well as for public viewing.

GRANT WOOD HERITAGE AREA, in ISU's Parks Library, contains nine wall murals created under Grant Wood's direction. The murals depict the academic divisions of ISU and ground breaking on the prairie by early pioneers.

HORTICULTURE GARDENS OF ISU contain a variety of plants, flowers, and shrubs. Plant markers identify each variety along the walkways.

KATE SHELLEY HIGH BRIDGE is four miles northwest of Boone. At 2,685 feet long and 186 feet high, it is the longest and highest double-track railroad bridge in the world. Completed in 1901, the bridge is on the National Register of Historic Places.

© U S WEST Direct 1991

KATE SHELLEY MEMORIAL PARK AND RAILROAD MUSEUM honors the namesake of the Kate Shelley High Bridge. At the age of fifteen, Kate Shelley crawled across a bridge near Moingona during a violent thunderstorm in 1881. She warned an oncoming passenger train that a bridge was out further down the line. The park and museum are located at Moingona, five miles southwest of Boone.

MAMIE DOUD EISENHOWER BIRTHPLACE, in Boone, has been restored and houses Eisenhower-era memorabilia and mementos of the First Lady. The Victorian home is open to the public from April to October.

OCTAGON CENTER FOR THE ARTS offers year-round art classes, workshops, a film and lecture series, and guided tours. The center also hosts regional, national, and international exhibits. A regional art fair, "Art in the Park," is an annual fall event.

STORY CITY CAROUSEL is Iowa's only operating antique carousel. Located ten miles north of Ames, the carousel runs from Memorial Day through Labor Day.

IOWA STATE UNIVERSITY

Iowa State University (ISU), with an enrollment of more than 25,000, is a broad-based university of international stature. Created as the Iowa Agricultural College and Model Farm by the Iowa General Assembly in 1858, Iowa State University became a land-grant college under the terms of the federal Morrill Act in 1864 and held its first classes in 1869.

The university was a pioneer in the establishment of agricultural studies on the college level, and is the home of the nation's oldest veterinary school. ISU has contributed to progress in the engineering profession, has continually emphasized basic sciences, and has been a leader in establishing the profession of home economics. Renamed the Iowa State College of Agriculture and Mechanic Arts in 1898, it became Iowa State University of Science and Technology in 1959.

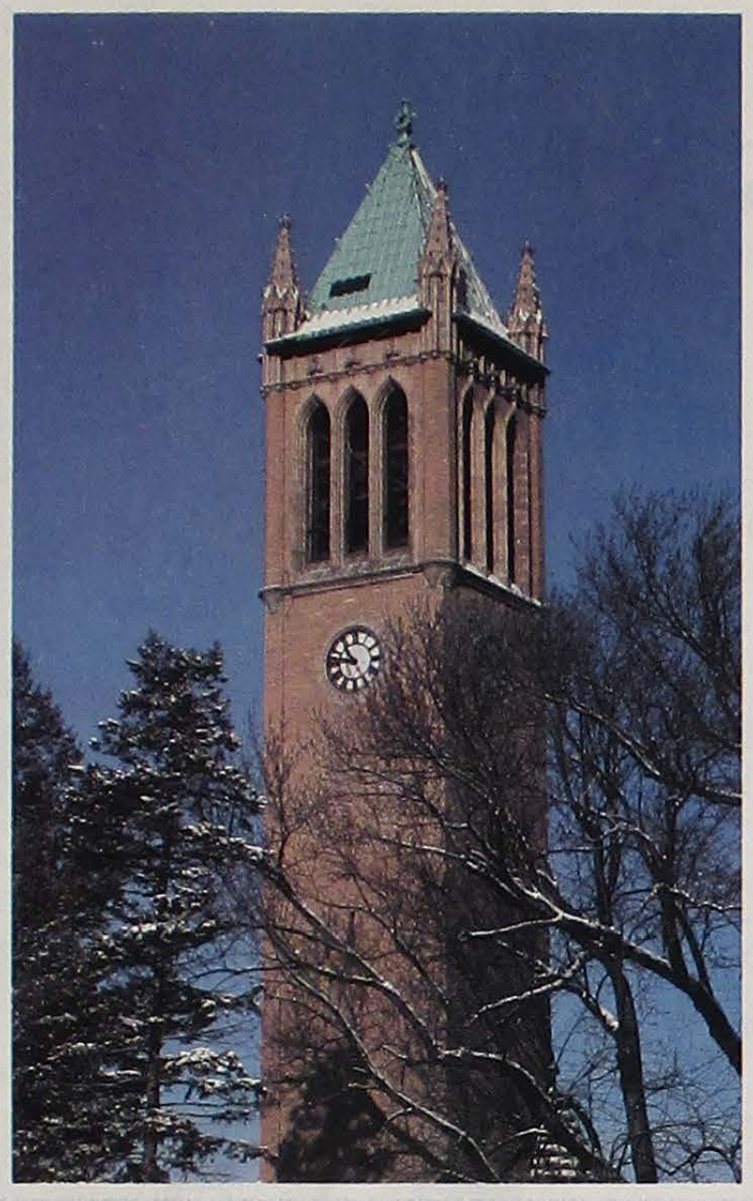

Iowa State University's colleges of Agriculture, Business, Design, Education, Engineering, Family and Consumer Sciences, and Liberal Arts and Sciences have developed more than 120 programs of study. The College of Agriculture also offers a two-year program leading to a Certificate in Agriculture.

The Doctor of Veterinary Medicine degree is awarded by the College of Veterinary Medicine.

The Graduate College offers 120 programs leading to master's degrees in the following areas:

Administration of Computing	Education
Agriculture	Engineering
Architecture	Landscape Architecture
Arts	Planning
Business	Public Administration
Community and Regional Planning	School Mathematics
	Science

Ninety-five programs are offered leading to the doctor of philosophy degree. Iowa State University also offers a specialist degree program in school psychology.

Iowa State University is a member of the prestigious Association of American Universities. It is accredited by the North Central Association of Colleges and Secondary Schools as well as by appropriate professional organizations.

Instruction is offered throughout the year. The academic year is divided into three periods:

- fall semester — late August through December
- spring semester — mid-January to mid-May
- summer sessions — June to early August

THE IOWA STATE CENTER

THE IOWA STATE CENTER

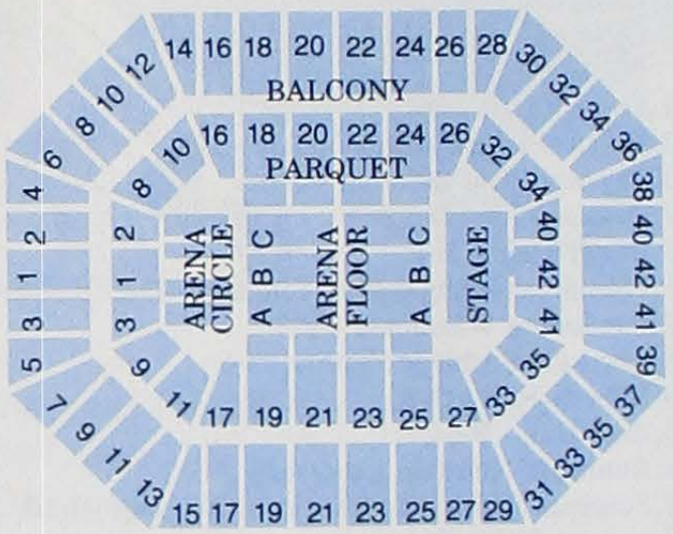

The Iowa State Center is an educational/ cultural/athletic complex associated with Iowa State University. The four-building center includes C.Y. Stephens Auditorium, James H. Hilton Coliseum, the Scheman Continuing Education Building, and the J. W. Fisher Theater.

Stephens hosts performing arts events ranging from Broadway musicals to world-class symphonies. Hilton is home to university athletic events, rock concerts, and trade shows. The Scheman Building holds the Brunnier Museum and Gallery, Office of Continuing Education, and Center Administrative Offices and organizes conferences from around the country. Fisher Theater houses the ISU Theater Department productions. The Iowa State Center, an Ogden Allied facility, provides year-round programming for Iowa State University and central Iowa.

IOWA GAMES

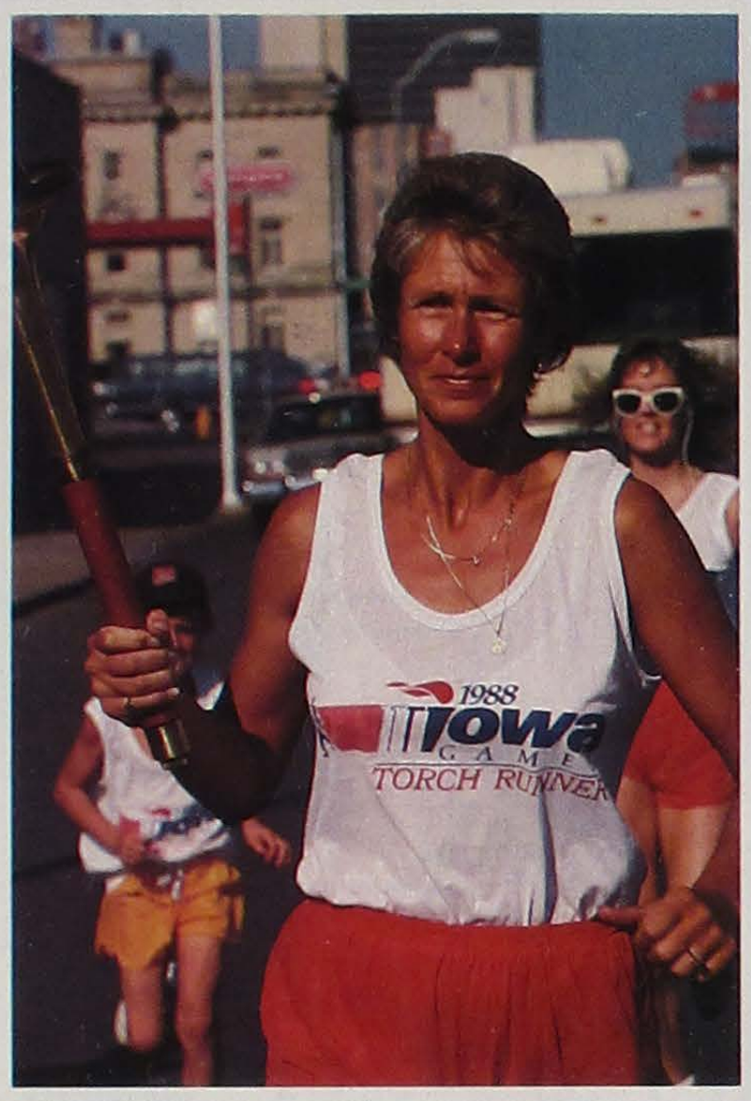

1992 will mark the sixth anniversary of the Iowa Games, the multi-sport, Olympic-style competition that has grown to become the state's largest individual sporting event. Amateur athletes of all ages and abilities will renew a tradition as they come together to experience the thrill of the Olympics at the grassroots level.

Including the participants in the regional qualifying festivals in Cedar Falls/Waterloo, Cedar Rapids, Des Moines and Sioux City, close to 25,000 individuals participated in some level of 1991 Iowa Games competition. Of that number, over 12,000 individuals participated in the finals event in Ames.

In January of 1992, the first Iowa Games Winter Sports Festival will be held in Dubuque. Iowa State University and the City of Ames will host the 1992 Iowa Summer Games. The summer games are held annually on the first weekend in August. Regional festivals will again be held in the cities mentioned above as preliminary rounds in some sports.

The Iowa Games are part of a national movement of state games that began in 1978 with New York's Empire State Games. Currently over 40 states are either hosting or planning a state games event. In February of 1990, the national governing body of state games, The National Congress of State Games, was admitted to the United States Olympic Committee as a member organization.

In Iowa, the Games are a project of the Iowa Sports Foundation, Inc. and are endorsed by the Iowa Governor's Council on Physical Fitness and Sports, the Iowa Association of Health, Physical Education, Recreation and Dance and the Iowa Park and Recreation Association.

COMPETITION

An open invitation to compete in the Iowa Games is extended to all Iowa amateur and recreational athletes who have resided in state for 30 days or more immediately prior to the Iowa Games weekend. Competitions will be divided by age groups for men and women and will be conducted for youth, scholastic, open and masters divisions. Exhibition, disabled, and demonstration sports events are included.

SPECIAL EVENTS

Special Olympic-style events bring participants together and make the Iowa Games unique. Scheduled events include a torch run, opening ceremonies and an outdoor dance.

ATHLETIC EVENTS

Competition will include the following sports events.

TRANSIT INFORMATION

TRANSPORTATION THROUGHOUT AMES

Cy-Ride provides multiple transportation services to the public, including a fixed route service, an Iowa State University (ISU) parking shuttle, and a Friday and Saturday late-night service.

THE FIXED ROUTE BY CY-RIDE: SEVEN-DAYS-A-WEEK SERVICE

The fixed route bus service operates weekdays 6:30 a.m. to 12:30 a.m., Saturdays 7:30 a.m. to 2:30 a.m., and Sundays 9:00 a.m. to 11:30 p.m. There is no service on Thanksgiving Day, Christmas Day, or New Year's Day.

Children under five years accompanied by an adult ride free. ISU students must present a current fee card or pay the adult fare. Ticket books, monthly passes, and student semester passes are available.

DIAL-A-RIDE: DOOR-TO-DOOR SERVICE WEEKDAYS AND SATURDAYS

Dial-A-Ride is available to all residents of Ames, including elderly, disabled, and the general public. The buses are equipped with wheelchair lifts, and attendants ride free when accompanying a handicapped person.

Dial-A-Ride service is available weekdays from 7:00 a.m. to 10:30 p.m. and on Saturdays from 8:30 a.m to 3:00 p.m. It operates only within Ames city limits. More detailed information is available in a Cy-Ride route map and information folder, available by calling the Cy-Ride offices.

Call 292-1100 to arrange for a ride at least one hour before the ride is needed and allow at least 45 minutes riding time to complete the trip. Additional time will be required during winter months. Calls are booked on first-come first served basis. General public calls are considered second priority calls.

NIGHT RIDE: DOOR-TO-DOOR SERVICE ON LATE FRIDAYS AND SATURDAYS

This is a free service operating within the city limits west of the Skunk River on Friday and Saturday nights when ISU is in session. Hours of operation are from 10:30 p.m. to 2:00 a.m. Call 292-1100 after 9:30 p.m. to arrange for a ride.

PARKING LOT SHUTTLE: AN ISU CLASS DAYS SERVICE

The Parking Lot Shuttle and the Orange Route provide service connecting the Iowa State Center parking lot with central campus. Passengers may park in lots A4 and B6 and ride to and from campus. An ISU Shuttlepass or regular Cy-Ride fare is required on the parking lot shuttle.

GENERAL INFORMATION FOR USING THE CY-RIDE BUS SERVICE

- Wait by the bus stop signs or at the bus stop locations shown on the Cy-Ride map folder. Make sure the bus driver can see you.
- Have exact fare, ticket, or unlimited pass ready.
- ISU students must show the driver a current ISU fee card to ride for the reduced fare.
- If a transfer is needed to another route, ask the driver for a transfer ticket when paying the fare.
- Passengers should pull the bell cord about three-quarters of a block before their desired stop. Passengers may exit only at marked bus stops.

For a copy of the Cy-Ride folder with route maps, timetables, fares, and riding information, call 292-1100.

EMERGENCY PREPAREDNESS INFORMATION

The keys to coping with an emergency are awareness and planning. The guidelines on these pages are designed to help prepare for—and get through— emergencies that may occur in this area. For more information contact the local city or county emergency manager, civil defense director, or the local chapter of the American Red Cross.

BE PREPARED

1. **Schedule occasional family conferences to discuss procedures to follow in different kinds of emergencies.**

2. **Hold practice drills.**

3. **Post and memorize emergency telephone numbers (including poison control).**

4. **Assemble and store a survival kit containing:**
   - flashlights and portable radio with extra batteries
   - first aid kit with manual
   - crescent and pipe wrenches for turning off utilities
   - chlorine bleach for water purification
   - fire extinguisher
   - emergency food and beverage supply (non-perishable food, juices, and one gallon of water per person per day.)
   - spare eyeglasses, prescribed medications, baby food, pet food, and special dietary foods
   - manual can opener
   - sanitation supplies—large plastic trash bags, soap (hand, dish, and shampoo), toothbrush and paste, feminine supplies, infant care items, toilet paper, newspaper, and a camp shovel
   - blankets
   - cooking equipment
   - a complete change of clothes for each person in the family

5. **Learn first aid.**

6. **Establish a location for the family to reunite if members become separated.**

7. **Arrange for a friend or relative in another town to be a communication contact for the extended family.**

8. **Learn the emergency plans of the family's schools, day care centers, workplaces, and clubs.**

9. **Make a habit of tuning in to daily weather forecasts and be aware of changing conditions. The Emergency Broadcast System on commercial radio and TV stations will announce a WATCH if an emergency situation is expected and a WARNING if it is imminent or in progress.**

10. **Learn Emergency Food and Water Procedures**
    - Be prepared to take care of yourself and your family for up to five days.
    - Take emergency drinking water from melting ice cubes, toilet tanks (not bowls), water heater, and canned fruits and vegetables.
    - Don't drink municipal tap water, or water from any questionable sources, until it has been strained with a clean cloth and treated. To treat water add 10 drops of chlorine bleach to each gallon of water, mix well, and let stand for about 30 minutes.
    - Freezer foods will last from 48 to 72 hours if the freezer is full and the door stays closed.
    - Discard all open food and beverages that may have been contaminated.
    - Eat perishable foods first.
    - Cook on portable grills, but only outdoors.

11. **Determine an evacuation route and alternates.**

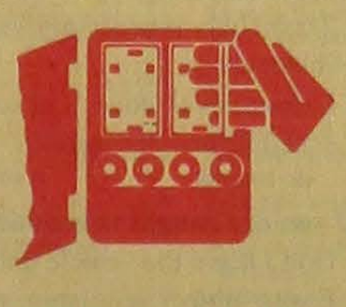

12. **Find out where main utility switches are and learn how to turn them off if they rupture and trained technicians are not available.**

UTILITIES

Electricity
- Turn off electricity ONLY if you see sparks or a fallen wire.
- Find the main circuit box, usually on the outside of the house. (See diagram below.)
- Locate the main circuit breaker or fuse (it will be labeled). Switch the circuit breaker to the off position, or pull out the fuse.
- Have electrical service restored by the local electricity supplier (listed in *The Yellow Pages*).

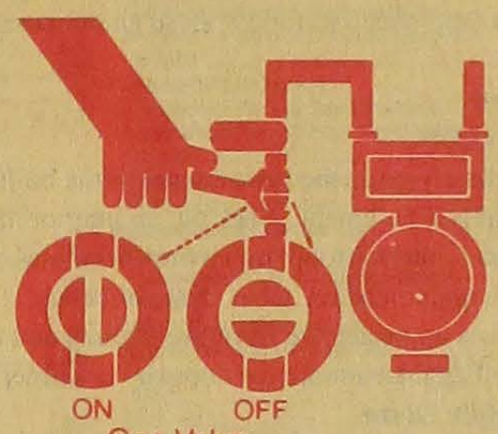

Circuit Breaker

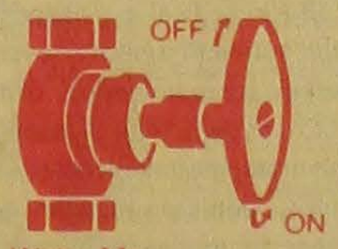

Pull-Out Cartridge Fuses

Gas
- If you smell gas, open windows, and evacuate the house. Don't use the phone or do anything that will cause sparks.
- Find the main shut-off valve next to the gas meter on the inlet pipe. This is almost always outside the house. (See diagram below.)
- The valve is in a vertical position when the gas is on (open).
- Using a crescent or pipe wrench, give the valve a quarter turn in either direction so that the valve is in a horizontal position (closed).
- Let the gas company turn the gas back on. Contact your natural gas or propane supplier (listed in *The Yellow Pages*).

Gas Valve

Water
- Find the main water shut-off valve inside the house (located where the water line enters the building). Turn the valve in the direction of the arrow, usually clockwise. (See diagram below.)
- If necessary (and possible), shut off the main water valve outside your home. It may be next to a meter in a concrete box in the sidewalk.
- Turn these valves counterclockwise to restore water flow.
- Have water service restored by the water supplier (listed in *The Yellow Pages*).

On the next page are instructions to follow that may help save lives during specific emergencies.

TORNADOES

Tornadoes may occur without warning and usually accompany a thunderstorm in the afternoon or early evening. Stay tuned to an emergency broadcast station if thunderstorms are predicted.

PREPARATION

- Keep an emergency stock of tools in the place you have determined is the safest to wait out a tornado. These may include a lantern and a crowbar, pick, shovel, hammer, pliers, and screwdriver for digging out of debris.
- Mobile home owners should have a licensed contractor tie it down.
- Bring portable furniture, equipment, and pets inside on a day when thunderstorms are expected.

IF A TORNADO WARNING IS ISSUED

A tornado warning means conditions are ripe for tornado formation and one has been sighted. If you are in the general area of a tornado, or you hear the roar of a tornado approaching, follow these guidelines.

In a home

- Stay indoors.
- Immediately go to the lowest level in the building, preferably a basement. Seek out an interior hallway or a small interior room away from windows.
- Crouch under a heavy table, desk, or bench.
- If there is no protective furniture, crouch and brace yourself against an interior doorway or corner.

In a Mobile Home

Mobile homes often overturn during a tornado. Do not remain in your home; evacuate to a community shelter.

In a Store or Office Building

- Don't run for the exit; there may be a stampede. Stay on the same floor. Move away from windows.
- Crouch under a heavy desk, bench, or table.
- Do not use the elevator.

On Foot

- Go inside the nearest sturdy building. If there's no time to enter, crouch next to it.
- If there are no buildings nearby, lie flat in the closest ditch, ravine, or culvert. Cover your head with your hands and arms. Protect yourself from flying debris.

In a Vehicle

- Don't try to outrun a tornado. Leave the vehicle and enter the nearest building, or lie in a ditch, hands covering your head.

AFTER A TORNADO

- Treat the injured with first aid. Take steps to stop bleeding and call for medical assistance if there is an emergency. Don't attempt to move severely injured persons unless they are in immediate danger of further injury. Cover them with blankets.
- Use phones only to report emergencies.
- Put out small fires. Don't use matches, candles, electrical switches, or appliances in case there is a gas leak; rely on flashlights.
- Call trained technicians if utility lines are ruptured.
- Turn on your battery-powered radio or vehicle radio for information and instructions.
- Put on heavy shoes and gloves for walking over and removing glass and debris.
- Clean up dangerous spills (bleach, lye, gasoline).

SEVERE THUNDERSTORMS

One of the most common natural hazards is the severe thunderstorm. Watch for the conditions that may accompany this disturbance.

HAIL — Large hail can cause serious injury, so avoid the outdoors while a storm is in progress. Protect gardens and shelter vehicles to prevent costly damage.

LIGHTNING — Lightning kills more people in the United States than any other natural hazard. It may strike some miles from the parent cloud.

- Avoid being the highest object in any area. Stay away from hilltops, lone trees, or telephone poles. In a forest, move under a thick growth of small trees.
- Do not enter a small structure in an open area.
- If suitable shelter is not available, seek a ravine or valley, and drop to the ground in a crouched position, hands on knees. Do not lie flat.
- Abandon metal equipment (tractors, golf carts, bicycles). Drop golf clubs and remove golf shoes. Keep several yards away from other people.

FLASH FLOODS — Flash floods often occur without warning following upstream heavy rainfall. Drainage canals, streambeds, canyons, or areas downstream from a dam are potential flood areas. Monitor current weather conditions and make evacuation plans. Roads and trails that parallel existing drainage systems may be swept away by flood waters. When a flash flood warning is issued, or you realize a flash flood is coming, act quickly to save lives. Seconds count!

- Go to high ground immediately.
- Do not drive through already flooded areas. Shallow, swiftly flowing water can sweep a car from the road and disguise a washed out road bed.
- Do not attempt to cross a flowing stream on foot where the water is above your knees.

WINTER STORMS

Severe winter storms with high winds and drifting snow often occur with little warning. Follow these tips:

- Keep posted on weather conditions.
- Prepare for isolation at home. (See survival kit on previous page.)
- Use lights for heat if the furnace goes out. Don't use gas stoves.
- Prevent fire hazards due to overheated wood- or oil-burning stoves, fireplaces, or electric heaters. Fill all liquid fuel heating devices outside buildings.
- Stay indoors. Overexertion such as snow shoveling is a major cause of winter storm deaths.
- Dress in warm layers.
- Travel only if necessary, and then only in daylight on major roads.
- Do not travel alone. Let someone know your schedule and destination.

If you are caught in a vehicle:

- Don't leave the vehicle unless help is in sight.
- Ensure proper ventilation while running the engine.
- Signal trouble by raising the hood, tying a cloth on the antenna, or turning on flashers.
- Don't burn anything in the vehicle.

FLOODS

BEFORE A FLOOD

- Know what has occurred on local property during past floods and take appropriate precautions.
- Consult a local licensed insurance agent for the availability of flood insurance through the federally sponsored National Flood Insurance Program. Generally there is a five-day waiting period.
- Install check valves in sewer traps to prevent floodwaters from backing up in sewer drains, or buy large corks or stoppers to plug sinks, showers, tubs.
- Obtain sandbags, plastic sheeting, lumber and towels.
- Fuel vehicles in case evacuation becomes necessary.
- Monitor rapidly changing weather conditions.

DURING A FLOOD

If there is time

- Disconnect all electrical and gas appliances. Shut off the water main to keep contaminated water from the water heater (a source of emergency drinking water).
- Bring outdoor possessions inside.
- Move valuables and essential items to upper floors.
- Sandbags should be stacked well away from the building to avoid damaging walls. If major flooding is expected, flood the basement with clean water to equalize the water pressure on the outside of basement walls and floors. This is to prevent structural damage.
- Round up pets.

Evacuation

- Use travel routes recommended by local authorities.
- Keep a radio on for news and updates.
- Watch for flooding at bridges, viaducts, and low areas.
- Be alert for thunder and lightning that may signify rain and more flooding ahead.
- Don't drive over flooded roads. It's impossible to tell how deep the water is, or if portions of the roadway have been washed out. Vehicles may be swept away.
- Never try to cross flowing water above your knees.
- All passengers should abandon a stalled vehicle immediately and move as a group to higher ground.

AFTER A FLOOD

- Return home only when authorities say it is safe.
- If there is major structural damage or there are utility breaks, have qualified specialists inspect your home and make repairs before you re-enter.
- Be very careful when inspecting your home on your own for the first time. • Use a flashlight, not a torch or lantern. • Check for gas leaks. (Use your nose.)
- Wear rubber-soled shoes and rubber gloves in case of severed electrical lines. • Don't turn on electrical switches. • Check electrical circuits only when electricity has been shut off. • Don't use flooded electrical appliances until they have been repaired.
- Don't drink municipal water until the health department has declared it safe.
- Don't rush to pump out a flooded basement. If the water is removed all at once, the walls may cave in because of the sudden pressure change. Pump out about a third of the water a day. Mud is easier to shovel while it is still moist.

The determination of the need for legal services and the choice of a lawyer are extremely important decisions and should not be based solely upon advertisements or self-proclaimed expertise. This disclosure is required by rule of the Supreme Court of Iowa.

A description or indication of limitation of practice does not mean that any agency or board has certified such lawyer as a specialist or expert in an indicated field of law practice, nor does it mean that such lawyer is necessarily any more expert or competent than any other lawyer. All potential clients are urged to make their own independent investigation and evaluation of any lawyer being considered. This notice is required by rule of the Supreme Court of Iowa.

Creative advertising such as that done in newspapers, television and radio makes people want to buy. Directional advertising in the U S WEST Direct Yellow Pages provides the who, where, and when to customers who are ready to buy. It's the final link between sellers and buyers.

A GOOD SIGN FOR SENIOR CITIZENS.

If you're a senior citizen or your business offers discounts to seniors, we have a golden opportunity for you. Our symbol will be displayed in The Yellow Pages ads of businesses offering discounts to seniors.

A GOOD SIGN FOR SENIOR CITIZENS.

If you're a senior citizen or your business offers discounts to seniors, we have a golden opportunity for you. Our symbol will be displayed in The Yellow Pages ads of businesses offering discounts to seniors.

SD™ SENIOR DISCOUNTS

Does your business do business by giving estimates or bids? Your ad in the U S WEST Direct Yellow Pages tells people you're big enough and ready to do the job. Tell them you give free estimates — you can get more calls and that will mean more sales.

The U S WEST Direct Yellow Pages provides the final link between seller and buyer. It's good business insurance to advertise in the U S WEST Direct Yellow Pages.

Have a business message you want a lot of people to see? Put it in a widely read book — the U S WEST Direct Yellow Pages.

Creative advertising such as that done in newspapers, television and radio makes people want to buy. Directional advertising in the U S WEST Direct Yellow Pages provides the who, where, and when to customers who are ready to buy. It's the final link between sellers and buyers.

Compare your advertising in the U S WEST Direct Yellow Pages to your competitors'. What are your competitors offering? Do you offer more? Tell your customers all they need to know in your Yellow Pages ad.

People who are ready to buy reach for the U S WEST Direct Yellow Pages. Will they find your business well represented there? It's good business insurance to advertise in the Yellow Pages. Tell your story 24 hours a day, 365 days a year.

It pays to advertise in more than one place in the U S WEST Direct Yellow Pages, because you never know where your new customers are coming from. Be sure you're ready for them when they're ready to buy. Multiple headings are the way to go.

The cost of an industrial sales call has tripled in the past decade. Doesn't it make sense to reach new customers through the sales representative who never sleeps — the U S WEST Direct Yellow Pages? Senior Discounts — a good sign for senior citizens and a good sign for advertisers.

Yellow Pages readers have already made the decision to buy; they are shopping comparatively. Your U S WEST Direct Yellow Pages advertisement can tell them who you are, where you are and exactly what you have to offer. Isn't it time you put The Yellow Pages to work for you?

Make sure you get your share of business from customers in your neighborhood. Advertise in the U S WEST Direct Yellow Pages. Call 1-800-422-1234 to reach your U S WEST Direct Yellow Pages office. Our advertising experts are glad to help you with information and service.

The cost of an industrial sales call has tripled in the past decade. Doesn't it make sense to reach new customers through the sales representative who never sleeps — the U S WEST Direct Yellow Pages? Senior Discounts — a good sign for senior citizens and a good sign for advertisers.

Yellow Pages readers have already made the decision to buy; they are shopping comparatively. Your U S WEST Direct Yellow Pages advertisement can tell them who you are, where you are and exactly what you have to offer. Isn't it time you put The Yellow Pages to work for you?

U S WEST Direct Yellow Pages — this is the place to tell your customers you want them to give you their business.

Patent Attorneys

The determination of the need for legal services and the choice of a lawyer are extremely important decisions and should not be based solely upon advertisements or self-proclaimed expertise. This disclosure is required by rule of the Supreme Court of Iowa.

A description or indication of limitation of practice does not mean that any agency or board has certified such lawyer as a specialist or expert in an indicated field of law practice, nor does it mean that such lawyer is necessarily any more expert or competent than any other lawyer. All potential clients are urged to make their own independent investigation and evaluation of any lawyer being considered. This notice is required by rule of the Supreme Court of Iowa.

Creative advertising such as that done in newspapers, television and radio makes people want to buy. Directional advertising in the U S WEST Direct Yellow Pages provides the who, where, and when to customers who are ready to buy. It's the final link between sellers and buyers.

Warning! If You're Suffering From An Auto Accident Injury (whiplash), Don't Call Any Doctor Until You Read This!

Did you know there are chiropractors and medical doctors who specialize in treating people who suffer from auto accident injuries?

It's true. You see, working with motor vehicle accident victims requires a lot of special examination and treatment to help your problem. It also requires a lot of special documentation for your insurance companies and attorneys.

It's important that your condition be very carefully and properly treated for maximum recovery. It also has to be thoroughly documented, because what is done and recorded can make the difference in the results of your case.

Dr. John R. Moore, D.C., C.C.S.P.

In addition, the doctor may have to make court appearances or depositions on your behalf. Most physicians aren't willing to do this for you, or just are not expert in this service.

Fortunately, there is a clinic in Ames that specializes in motor vehicle accident injuries. In addition, they care for other nerve-muscle-joint problems, especially those of the neck, head, back, legs and arms.

THREE VERY GOOD THINGS to keep in mind to make your Yellow Pages advertising work:
1) your ad should be well-designed and up-to- date.
2) your entire market should be covered.
3) your telephone must be answered promptly and professionally.

JEWELL (ZIP CODE–50130)

U S WEST COMMUNICATIONS

Your complete telephone number is needed on long distance calls-both to and from Jewell-and whenever you give your number to others. However, on local calls to other Jewell telephones, the first two numbers-82-may be omitted.

HOW TO CALL ANOTHER PARTY ON YOUR LINE

Two-party customers dial 421.
After dialing the number hang up. Your telephone and the called telephone will ring until the call is answered. When the ringing stops, remove receiver and start your conversation. If no answer, remove receiver for a few seconds and then replace it to stop the ringing.

TO CALL A PARTY ON YOUR LINE

If on repeated attempts to call a number the line is always busy it may be that the called number is on your line. Or if it is known that the party you wish to call is on your line, and you wish to call that party, proceed as follows:

1. Lift your receiver and listen for dial tone.
2. Dial 99 and directory listed number.
3. After dialing you will hear the busy tone. Then replace your handset. Allow a reasonable length of time for other party to answer, then pick up your handset and talk.
4. When the party you are calling answers, they will hear a tone sound which indicates that they should wait for calling party to speak.
5. If the called party does not answer, replace your handset.
